Hearts and Minds Q&A

Do you think the present Republican Administration is a criminal conspiracy?

Yes.

Do you think the Democrats can bring moral and civic order and lessen our disgrace in the eyes of the rest of the world?

No. They pigout at the same trough,and will prove as incompetent in different ways.

Is there any answer then?

Of course not. New parties can begin,anyway.

Isn’t that looking for chaos and real extremism? Hordes of little Hitlers and Stalins and worse?

And better than now! Anybody can dive in! More the merrier. Loudmouths will eventually take on too much water.

What’ll be the result?

Purges and arrests. After that,nobody can tell,but it’ll eventually be closer to the Constitution and our other great works.

Will our leaders be folded into the new parties?

They’ll be folded into prison! Hardened criminals will eventually salute them,though,for a more enlightened penal code will be spurred by incarcerated politicians.
